Retiring Our Building Debt and Maintaining Our Education Facility

Number 2 - March 3, 2019

Holy Cross Catholic School

Our Mission is dedicated to excellence in education and is committed to helping each student grow into the person that God has called them to be. Our values based, comprehensive curriculum includes innovative academics, mastery of skills and content, spiritual and character development, joyful service, and active participation in the mission of the Church.

Holy Cross School was established in 1916 and serves students in Preschool and Kindergarten through 8th grade.

The fundamental reason that we have our Catholic school is to form a partnership with parents to help their children know, love, and follow Jesus Christ, and to become good, knowledgeable, and virtuous citizens.

Our Values:

- We focus on each student and guide them to successful outcomes.
- We value tradition, intellect, wisdom, and the teachings of the Gospel.
- We promote high moral character.
- We value intellectual effort and mental discipline.
- We attend to character development through a focus on truth, goodness, virtue and beauty.
- We strive for high academic standards.
- We value hard work and honest effort.
- We are a warm school community committed to life-long learning.

Curriculum

Holy Cross School meets all MN Department of Education learning standards and curriculum requirements for English language arts, mathematics, science, social studies, art, music, health and physical education.

These standards and benchmarks are important because they:

- Identify the knowledge and skills that all students must achieve by the end of a grade level.
- Help define course credit requirements.
- Serve as a guide for the design of curricula in schools.

Mastery of these standards is measured through annual assessment tests that serve as a report card to schools about how they are teaching and how their students are performing.

At Holy Cross, we are very proud of our academic excellence. In fact, our test scores show that our students score above the average in every subject at every grade level.

Not only do we have great academics, but even more importantly, at Holy Cross we are able to integrate our Catholic faith into every subject area.

A child's learning at Holy Cross builds appropriate knowledge and skills across multiple learning areas. And because private Catholic education is both a choice and a financial investment that demonstrates commitment to something far more than learning, we also teach faith, character and virtuous behavior. These outcomes form the core of our curriculum in Elementary and Middle School.

Your Support of the Catholic Education Center helps support Holy Cross

Catholic education in our school is one of the most important missions of our parishes, and we have been fulfilling this mission for over a century. Our support of the Catholic Education Center directly helps educate all our children in the faith, both at Holy Cross and in our Religious Education program. Thank you for your support of the CEC as we help our students to grow in knowledge and, especially, to grow in the faith.
